TOWN OF GOSHEN

The State of New Hampshire

THE POLLS WILL BE OPEN FROM 10:00 AM TO 7:00 PM

on Tuesday March 13, 2012

THE BUSINESS PORTION OF THE MEETING WILL BEGIN AT 6:30 PM

on Saturday March 17, 2012

To the inhabitants of the Town of Goshen in the County of Sullivan in the State of New Hampshire qualified to vote in Town Affairs:

You are hereby notified to meet at the Goshen Town Hall in said Goshen on Tuesday, the 13th day of March between the hours of 10:00 AM and 7:00 PM to act upon the following subjects:

- 1. To choose all necessary Town Officers for the ensuing year.**
- 2. Zoning Amendment No 1**

Are you in favor of the Adoption of Amendment No. 1 as proposed by petition for the Town's Zoning Ordinance. The effect of the amendment will be to allow "earth removal activities" (as newly defined) as a permitted use in the Light Commercial District, and to make such activities in that district, and on public highways, exempt from those portions of the Ordinance regulating noise, undue hazards and offensive business. Such activities are currently allowed only by special exception granted by the zoning board of adjustment. Such activities would no longer require a special exception in the Light Commercial District, but would continue to be subject to a permit from the Planning Board under RSA 155-E. In addition the amendment would expand the Light Commercial District to include the entire area of the following tax map parcels of land: Map 203, Lots 2, 3 and 8.2; Map 204, Lots 6, 7, 8, 10, 11, 12, 14, 15, 16, 17, 18, 19 and 20; and Map 403, Lots 4.1 and 4.2 (each of which is presently located within the Residential/Agricultural District) The actual text of the proposed amendment consists of the following four changes to the Zoning Ordinance:

- 1. Amend Section II of the Zoning Ordinance by amending and/or adding the following definitions:**
 - "EARTH MATERIALS" Soil, rock sand, gravel, stone construction aggregate or similar materials.**
 - "EARTH REMOVAL" The removal of Earth Materials for commercial purposes.**
 - "EARTH REMOVAL ACTIVITIES" All activities having to do with Earth Removal, including without limitation, all transportation activities related to or ancillary to same."**
- 2. Amend existing Paragraph A.3 (Location of Light Commercial District) of Section III of the Zoning Ordinance (Districting and General Provisions) by inserting the following sentence at the end of the existing Paragraph 3.A: 'In addition to the area described above, the Light Commercial District shall**

include all portions of the following tax parcels as presently shown on the Town of Goshen tax maps: Map 203, Lots 2, 3 and 8.2; Map 204, Lots 6, 7, 8, 10, 11, 12, 14, 15, 16, 17, 18, 19 and 20; and Map 403, Lots 4.1 and 4.2, to the extent that they are not otherwise presently located within the Light Commercial District."

- 3. Amend Paragraph F (Removal of Earth Materials) of Section V (Commercial Use) to read in its entirety as follows: *"Except as provided in Section V.H with respect to permitted Earth Removal Activities in the Light Commercial District, Earth Removal Activities will require a special exception from the Zoning Board of Adjustment as provided in Section V.I. Once any special exception is granted, a permit must be obtained from the Planning Board according to the provisions of N.H. state statute RSA 155-E. No crushing equipment shall be allowed except as provided by Section III.K."*
- 4. Amend Paragraph H (Summary of Commercial Use Provisions) of Section V (Commercial Use) to add the following permitted use in the Light Commercial District: *"H.4 Earth Removal Activities" Earth Removal Activities, as defined in Section II of this Ordinance, in the Light Commercial District; provided, however, a permit must be obtained from the Planning Board in accordance with the provisions of RSA 155-E. No crushing equipment shall be allowed except as provided by Section III.K (Portable Rock Crushers) of this Ordinance. The provisions of Section III.R (Noise Regulation) of this Ordinance shall not pertain to Earth Removal Activities within the Light Commercial District or public highways used or useful for the transportation of Earth Materials in connection with Earth Removal Activities. Further, Earth Removal Activities permitted in the Light Commercial District shall not otherwise be deemed an undue hazard or offensive business under Paragraph A.1 (Undue hazards or Offensive Business) of Section V of this Ordinance."*

Planning Board Does Not Recommend

Yes	No

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

To the Members of the Board of Selectmen
Town of Goshen, New Hampshire
Goshen, New Hampshire

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Town of Goshen, New Hampshire as of and for the year ended December 31, 2010, which collectively comprise the Town of Goshen's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of management. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance auditing standards generally accepted in the United State of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Goshen, New Hampshire, as of December 31, 2010, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Management has not presented a management's discussion and analysis of the financial statements. Although it is not required to be part of the basic financial statements, United States generally accepted accounting principals considers it required supplementary information. Budgetary information presented in the section marked *Required Supplementary Information* are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and therefore express no opinion on it.

Our audit was performed for the purpose of forming opinions on the basic financial statements taken as a whole. The accompanying individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

Paul J. Mercier Jr., cpa for

Cemetery Commission

Our first thought this year regards the passing of our long time secretary Arthur Jillette. Arthur supervised the burials and record keeping for many years. He also served as President of the New Hampshire Old Graveyard Association. Arthur brought a wealth of knowledge and expertise to his work with us. He is replaced by Bob Johnson per order of the Selectmen. Bob has long expressed a desire to join our efforts and we feel very fortunate to have him with us.

We began this year with our traditional Spring cleanup aided by the volunteers from Sullivan County Correctional Center. Thank you to Corporal Coughlen and Officer David Currier for helping to arrange and supervise this effort. Due to the large amount of work involved we have come to rely heavily on this annual assistance. Also completed was the straightening of approximately twenty stones in the Mill Village Cemetery. This

was accomplished with the volunteer help of Rick Costello. Rick also lent his help during the Fall to straighten stones at the North Goshen Cemetery.

Veteran flags were once again placed by Jeff and George Dube of Cub Pack 316. The scouts have a lot of fun running around replacing the flags and they sure cover a lot more ground than I do. We appreciate their effort in memory of veterans. Our long term project of cleaning gravestones has stalled due to the resignation of our worker. We are looking for someone interested in continuing this project which is paid at \$8 an hour. The funds are quite limited but the hours are completely flexible. If you are interested please complete an application at the town office and leave it in the cemetery folder.

Our major project of the year was the removal of a large rotten maple tree at the Mill Village Cemetery. Our thanks to Ray Wentzell of Eagle Tree for completing this

Removal of Maple tree at Mill Village Cemetery

project in a professional manner and under budget. Near the end of the year a wind-storm brought down a pine tree that fell into the cemetery and knocked over a small headstone in addition to a large granite headstone. Thank you to Ron Kempton for arranging the tree removal and to Eric and Kirsten Nelson who assisted their father in resetting the two stones. Cement footers were constructed for all three cemeteries for the future placement of sitting benches. We plan to create a nice sitting area at each cemetery as a resting area for visitors to enjoy.

Our main project for year 2012 will be the removal of another large rotten maple tree from the Mill Village Cemetery. We plan to continue with our long term stone cleaning project which is now focusing on the Four Corners Cemetery. Again we thank the resi-

dents and visitors who have appreciated our volunteer efforts. Our Goshen cemeteries are characterized by a great deal of variety and personal design that is often prohibited in modern cemeteries. We allow for this variety because it adds to the richness of the environment and the expression of our memories. In respect of this latitude and in accordance with regulations please be sure to advise the cemetery commission of any work that is completed on your lots. All work must be approved and placement of headstones or corner posts must be approved prior to installation.

Respectfully submitted,
Lars Nelson, Chair
Cemetery Commission

"Goshen Corner" by H. Richardson, 1856

Conservation Commission

This year the Conservation Commission sponsored two educational programs presented by the Vermont Institute of Natural Science (VINS). Two owls visited Kindergarten and Grade 3. Students learned about owl life, history, physiology, and call identification. It was a chance for the third graders to demonstrate their owl knowledge since they had all written reports about owls earlier in the year.

The owls were great performers, but they did not like the taxidermist-stuffed owl that was in the 3rd grade class.

For the 4th graders, VINS and the Silvio O. Conte National Fish & Wildlife Refuge presented "Go With The Flow." Students built watershed models and did some hands-on activities to learn the cumulative effects of changes to a watershed and what can be done to protect watersheds.

Lots of water and very messy fun!

Both bridges on the Ruth LeClair trail at Gunnison Lake washed out last Spring. Commission members and volunteers dismantled the bridge over Baker Brook, which had moved downstream, and put it back together in its original location.

The bridge over Blood Brook was broken in half. Two beaver-dropped trees and decking from the old bridge were salvaged to build a new bridge which was moved up the brook to a hopefully more secure location.

Both bridges were repaired, built and relocated in one day by a great crew that included: Doug O'Clair, Gary & Marianne Dennis, Matt Blackwood, Alan Howe, John Garvey & Cotton Cleveland, and Bob & Susan Blackwood.

Once again several Commission members conducted water tests from May through September on the Sugar River, Gunnison Brook, Blood Brook and Giles Brook. This is part of the NH Department of Environmental Services VRAP program (Volunteer River Assessment Program). Samples are checked in the DES lab in Concord for phosphorus, turbidity, pH, dissolved oxygen, water temperature and specific conductance. The Commission receives a yearly summary of results with comments.

MEMBERS: BOB BLACKWOOD, GARY DENNIS, BEA JILLETTE, DOUG O'CLAIR, CYNDI PHILLIPS, SANDY SONNICHSEN, LOIS STEVENS, JEFF VOLKERS

Fire Department

Two thousand eleven has been a transition year for the Goshen Fire Department as 12 year Fire Chief Ricky Shepard had decided to step down in January. So on behalf of the Members of the Goshen Fire Department we would like to thank you for your dedicated service to the Town of Goshen as Fire Chief and Deputy Warden over the past 12 years, and your 28 years of overall fire service between Goshen and Lempster. We are fortunate Ricky has remained on the department to help and support us.

2011 did bring change to the department with Ricky stepping down. Your new Fire Officers are: Daniel Peterson, Fire Chief; John Herr, Deputy Chief; Fred Driend, Captain; and Lieutenants Ricky Shepard and Ron Parenteau. Also, Janny Kowynia is our Rescue Captain and Jessica Dennis is our Clerk. A special thank you goes to all of the current and former Fire Fighters and EMS Personnel for your dedicated commitment and services to the Town of Goshen.

The Fire Department continues to strive to maintain and upgrade the equipment that is entrusted to us as a department for the Town of Goshen. Our decisions for purchases and equipment are looked at in many ways including department and town needs, will it provide safety to the emergency responders and the residents, dependability of old and new equipment, cost of the upgrades, and overall maintenance of the equipment.

Looking at these factors above we felt it was time to replace the 1977 International. So in 2011 the Fire Department purchased a 1989 Mack E-One Pumper Tanker. This truck was purchased using funds from the Fire Truck Capital Reserve Fund. This truck has many upgrades compared to the 1977 International it has replaced. This Mack, Engine 1, has a diesel engine, automatic transmission, air brakes, and drop down chains. It has a certified 1000 GPM pump as well as a 1500 Gallon Water Tank with a dump valve.

It also came labeled to Goshen Specifications, it has a one year warranty, warning lights, and three ten foot sections of suction lines. We have transferred, or added equipment to this truck from the 1977 at no additional cost to the town. It carries 1200 feet of 4 inch supply hose which was donated to Goshen from another area department. Other equipment this truck has on it is, three fire attack lines up to 200 feet long, ladders, 2000 gallon Husky Porta-Tank, 3 ISI Air Packs, chainsaw, portable pump and suction hose, portable generator and lighting. It also carries other miscellaneous fire fighting tools, adapters, and safety equipment.

We would hope to get ten good years out of this truck. If the Town of Goshen was to purchase an equal value brand new truck of this caliber it would have been in the area of \$300,000 or more. Goshen spent under \$60,000 on this Pumper Tanker. The 1977 International has not been sold by the Town as of January 2012 but is expected to be sold in 2012. To protect our investment it is being stored inside for the winter.

Goshen's front line Attack Pumper the 2008 E-One Engine is working well with no major issues going on with the truck. This was a good purchase and should treat the town well for many years to come. The Rescue Support Utility Truck that was purchased two years ago has been an excellent asset for the Fire and Rescue Departments. This truck rolls to medical emergencies, car accidents, and most fire calls. This truck has made it so we do not have to run a big fire truck to a medical call. The generator and light tower that are mounted in this truck have been very beneficial at many incidents that we have had over the past two years. Besides medical and safety equipment this truck also carries many of our specialty equipment for ice and water rescue. The 1968 Forestry Truck is still in service and working. This is the next vehicle we would like to see the Town upgrade to something newer.

Calls For Service

In 2011 the Goshen Fire and Rescue Departments responded to a total of 82 Calls for Service.

It was very unique this year that it was an exact 50 / 50 split on calls:

Structure Fires Goshen 2 (1 Was an Arson Fire)

Chimney Fires 2

Electrical issue 1

Mutual Aid Received 4

Mutual Aid Given: Station Coverage 5

Motor vehicle accidents 7

Trees on, or wire hazard 6

Flooding 6

Public Assist 4

False Alarm 1

Illegal Burn 1

Medical Calls 41

In early September we responded to a reported trailer fire on Route 10. Upon arrival we found a large shed fully involved in fire, located within 20 feet of a trailer home, and evidence that this fire could be of suspicious origin. With the outstanding help of the Goshen Police Department, NH State Fire Marshalls Office, NHSP, and the Sullivan County Attorney's Office, a confirmed Arson Fire was investigated and two people were arrested and convicted with charges stemming from this incident.

With the many hazards within or around this shed when it was on fire, we are very pleased that no one was injured responding to, or working at, this needless fire scene. So on behalf of the Goshen Fire Department, I thank all of the Goshen and Mutual Aid Firefighters that responded in the middle of the night to this call, and to the investigating team that did such a great job on this case.

In 2011 we have had some new members join our department not only for the Fire Department, but for the Rescue Department as well. We have been providing training and outfitting these personnel with the proper gear to stay safe. We are always looking for new members to join our ranks. Please contact us if you are interested. The Fire Department holds its monthly meeting on the third Tuesday of each month. Our Trainings

and Truck / Equipment checks are on the first and last Wednesday's of each month.

In Goshen we are very lucky to have our Goshen Rescue EMS personnel. They hold a meeting and training on the second Tuesday of each month. Goshen Rescue is very fortunate not only to have our well trained EMS Personnel, but most of them also work in the medical field which gives us an addition edge when it comes to medical knowledge and treatment. Our Rescue EMS does primary evaluation, stabilization, and assists the ambulance. Goshen Rescue is a non transport organization. If you are interested in Joining our Rescue please feel free to contact us. We can always use more help and EMS training is provided.

The Goshen Fire Services Association is our support organization that puts on our Chicken Barbecue in July, buys the gifts for the Children's Christmas Party in conjunction with the Library. The association also usually buys an item or two for the Fire or Rescue Departments that we do not have. The Association does this so it doesn't increase your taxes. So in 2012 when you get your mailing feel free to donate to this organization. None of your donation goes any place else, but to Goshen and supporting this outfit. The members of the department do appreciate the items that have been purchased in the past.

Our 2012 Budget Request has been held the same as it has been for the past several years. This year we are asking for continued monies to be put into the Capital Reserve funds for future purchases. Your support is appreciated for both items at the Town meeting.

In closing it is a pleasure to work for and in the Town of Goshen. I would also like to thank Cindy Rouillard in the selectmen's office for her help, the selectmen, Goshen Highway Department, plus the many other town employees and residents that do care and support the Goshen Fire Department.

Remember to have working Smoke and CO Detectors as well as clean your chimney on a regular basis.

Thank You.

Daniel Peterson, Goshen Fire Chief

Forest Fire Department

As always I like to thank the community of Goshen for their continued support of the Goshen Forest Fire Department. It is also important that I do thank the Deputy Wardens for all the extra time they put into this department and the Fire Fighters here in Goshen that give so much and ask for so little. Most of all my thanks go out to our families that put up with us as we serve the community of Goshen.

Your Forest Fire staff is Warden Daniel Peterson and Deputy Wardens John Herr, Ricky Shepard, Clark Wamsley, Chris Moen, Jan Parmalee, Ed Baker, Gordon Bartlett, Jack Warburton, John Hopkins, Janny Kowynia, and Bob Johnson.

The annual spring Warden / Deputy Warden Training was held in Marlow this year. The Goshen Fire Department continues to host the July dinner and meeting of the Grafton Sullivan Forest Fire Wardens Association. Special thanks go out to the many volunteers of the Goshen Fire Services Association for their assistance at this event.

Over the past year we did issue over 150 fire permits in the Town of Goshen. We thank you for extending your courtesy to our families and to call ahead of time for your fire permits.

On another positive note Goshen was awarded a 3,000 dollar 50 /50 grant for personal protective equipment in late 2010 from the Volunteer Fire Assistance Fund. In 2011, this equipment was ordered and came in. Special thanks to Joan Wamsley for her custom tailoring of some of this equipment.

In 2011 we did not have any major forest fire incidents in Goshen. As you look back this was one of the wettest years on record reducing the forest fire incidents in Goshen and across the state to a very low amount.

The Forestry Department did assist the town during the flooding from the remnants of Hurricane Irene.

We continue to maintain the 1968 Ford

F250 All Wheel Drive Forest Fire Fighting Vehicle. Overall this vehicle performs well for its age, but at any time a vehicle of this age could have a major issue. For better efficiency of this truck we have made several modifications to it this year resulting in an approximate 1000 pound weight reduction to the load by removing the eight steel back pack pumps and adding two six foot side mount tool boxes to the fire body. This has given us the room to load the forestry hand tools into one tool box and the new style soft bladder back pack pumps into the second tool box. We also removed a hose reel that was utilized very little but weighed a very lot. This gave us room to reorganize the equipment in the fire body as well as giving us space to carry the cold water ice rescue sled and rescue toboggan during the winter.

I do like to remind you that you are responsible for any fire that you light. Per NH State laws you could be held financially responsible for any cost to extinguish, any damage associated with a fire that gets away from you, or caused by you. NHDES also reminds you that it is illegal to burn any trash, plastics, painted or ply-wood, furniture, or demolition debris. None of the listed items should ever be burnt in a woodstove or an outside furnace -- it is best to dispose of them at the transfer station. This keeps the carcinogens and dioxins pollutants out of the air.

Call 911 for any and all EMERGENCY CALLS in NH. Goshen Fire Rescue and Forest Fire Department personnel are dispatched through SWNHDFMA, located in Keene NH. The non Emergency number is 352-1291.

Goshen Fire Station Non Emergency number is 863-2525.

FOR FIRE PERMITS IN GOSHEN PLEASE CONTACT US AFTER 5 PM: DAN PETERSON 863-4506, JOHN HERR 863-6803, CHRIS MOEN 865-5016, CLARK WAMSLEY 863-1009, JACK WARBURTON 863-2575.

*Goshen Forest Fire Warden
Daniel Peterson*

Highway Department

Your Road Agent and Assistant Road Agent came on board in May 2011. Brush cutting began on Province and Messer roads to widen them for vehicle traffic. We plan to do the same on Ball Park Road this year. We also plan to cut out dead branches and trees along town roads, and will start chipping after we do road grading this Spring.

We graded all town roads during the Summer and again in the Fall, and ditched Ball Park and Lempster Coach roads. Stumps were removed along Province Road in preparation for ditching this year. We also plan to ditch a portion of "Long" Cross Road.

We cleaned and organized the Highway Garage. The garage roof was sealed (after leaking for over fifteen years) with the help of Russell Lamson. A new bathroom, with *hot* water, was installed with the help of Dave Serrentino.

Lawn mowing has been added to the Highway Department's responsibilities. In 2011 we spent 3-4 hours each week mowing grass at the town hall, library, fire station and Grange Hall. It took an additional 10 hours each time to mow the landfill mound at the Transfer Station, where help from Gordon Bartlett was much appreciated.

After tropical storm Irene washed out the Cross Road bridge we rebuilt the washed out portion with the help of George Peck Construction Co. A five-foot overflow culvert was placed under the reconstructed road spanning Gunnison Brook in addition to the two existing 5-foot culverts. New guard rails were put in place.

A pole barn Salt Shed was constructed at the Transfer Station with poles donated by Ed Peckham. Most of the work was done by contractor Lance Callum and Assistant Road agent Joel Lussier. We would like to add more bays to the structure and are looking for more poles.

New Salt Shed at Transfer Station

Purchases made in 2011 include an equipment trailer, a poly sander for the one-ton truck, and tire chains for the grader and two plow trucks.

In addition to regular in-house maintenance we put a new cutting edge and springs on the one-ton plow, a new wheel hub on the Mack truck, and rebuilt the rear brakes on the Ford. We also built a guard for one plow, which will prevent it from gouging soft roads while plowing, and plan to build another.

The biggest challenges facing us at this time are brush cutting, ditching and the ongoing potholes and heaves on Center Road. To fix this half mile section of road it will be necessary to dig up the existing asphalt and mix it with crushed gravel to create a new surface material. The road will then need ditching and the addition of several culverts, and will need to be raised

8-10 inches before putting down the new surface mix. It will not be possible time-wise to repair Center Road this year because we need to catch up with town-wide maintenance. Cost is also a consideration.

If you have a question, or wish to report a road problem, call Kevin at 477-1682 or Joel at 477-1681.

Respectfully Submitted,
Kevin Bevilacqua,
Road Agent

Cross Road washout

Cross Road repaired

Historical Society

In the past year the Goshen Historical Society has continued its project of archiving the boxes and boxes and BOXES of papers and artifacts that have been in storage for years. Information is being put into a data base that will eventually be available to anyone interested in researching town or family history. Items are being put into archival sleeves and placed in carefully labeled boxes.

This project looks as if it will take some time, but those of us doing the Tuesday morning work are pleased with the progress and often find the information about the everyday lives of the residents of our town quite touching to say nothing of the historical importance of the letters from Captain John W. Gunnison to his wife while he was surveying with the army corps of Engineers out west before the Civil War.

In April of 2011 the society sponsored a Humanities Council program presented by Steve Taylor called *New Hampshire's Grange Movement*. The evening began with a tour of Goshen's refurbished Grange Hall and was very well attended by members of neighboring Granges and Goshen's own *Friends of the Goshen Grange Hall* committee.

Goshen's Historical Society participated in the area-wide brochure, *Touring the Historic Towns of West-Central NH*, and had a short feature published in *Kearsarge Magazine*.

Our Annual Meeting brought four more members to the society. Plans are being made to host an open meeting the last Saturday in April highlighting the scanned photographs from Elmer & Arthur Nelson's glass plate negative collection not seen before. Details will be advertised and posted on the community bulletin board at the Post office.

While we archive we spend a lot of time looking back. At the same time we realize the importance of planning ahead.

Respectfully submitted,
Pat Stephan, Secretary

Olive G. Pettis Library Trustees

Of particular significance to the Trustees of your library in 2011 was the retirement from regular Trustee status of long-time Board member Lilyan Wright in March, and the death of Trustee Arthur Jillette in August. The loss of these two highly valued Trustees was keenly felt. We are grateful to Bea Jillette for stepping forward to serve as an Alternate on the Board to help fill the gap. We are also sincerely appreciative of Lilyan Wright's willingness to rejoin the Board as an Alternate last Fall.

We are fortunate that Steve Belden joined the Board as an elected member in March, and in August he very ably assumed the duties of Treasurer, which Arthur Jillette had performed. Trustee Bonnie Belden served as an excellent Secretary this past year, handling all Board correspondence as well as taking minutes of meetings. Trustee Don Bailey proved to be an effective funds raiser, as well as serving as the Board's Vice Chairperson.

With the exception of Bonnie Belden, all our regular Board members are relatively new to the Board. It was therefore particularly important for all of us to attend training sessions that provided a basic understanding of the complex legal, financial, and procedural requirements of our positions. We attended a full day of training with workshops in May, as well as an evening orientation session in September. Both events were sponsored by the New Hampshire Library Trustees Association. Bonnie Belden also attended a November workshop that focused on developing the library's collection of materials. We are grateful to the Budget Committee for their recommendation last winter to add a line item to our budget for Trustee training, which covered the expense of attending these valuable training events.

Scarecrow Party hosted by the library

The library took a major step forward this year in committing to automating the cataloging and circulation of materials through the use of the LibraryWorld online system. The decision to move in this direction was made after our Librarian, Cyndi Phillips, made a thorough investigation of systems appropriate to our library. The Trustees also conducted a cost-benefit evaluation. The cost of subscribing to this online system and purchasing associated equipment was not included in our 2011 budget, but Trustee Don Bailey took the initiative in investigating potential grants to cover the high start-up costs.

We are delighted that Don's hard work succeeded in securing grants totaling \$1,500 from the Lake Sunapee Bank and Sugar River Bank. These generous grants made it possible for us to move forward on setting up the LibraryWorld system. Cataloging is now well under way, with valuable help being provided by volunteers. We expect that before the end of 2012, patrons will be able to search our collection online (from home or in the library), and our Librarian will be able to check patrons' materials in and out using a digital scanner.

While an annual appropriation from the Town is the key source of funds for purchases of materials to add to our collection,

Christmas Party

the importance of donations from individuals, both monetary and in kind, cannot be overstated. Direct donations of books and DVDs by one patron can provide entertainment and enrichment for other patrons. When donations of money are made in memory of loved ones, we attempt to use these funds to enhance the materials or services that were of particular importance to those who are being remembered. For example, this year we expanded our collection of World War II books with funds donated in memory of David Pavlik, and we upgraded our technology using funds donated in memory of Arthur Jillette.

For day-to-day operation of the library and the conduct of regular programs within the library, the Trustees rely on the judgment of the Librarian as to what is needed in our community, and we also rely on her skills to carry these out.

Librarian Cyndi Phillips is a fountain of ideas and energy for the creative arrangement of materials and the provision of appropriate services to Goshen residents of all ages. She has recruited and trained volunteers to help her in daily operations as well as special projects. Her own 2011 Annual Report details the many and varied activities that she initiated in the past year. We cannot stress enough the extent to which we, as Trustees, rely upon Cyndi to ably fill the complex and demanding role of Librarian in our "one-person," full-service library.

Special library events typically represent a collaborative effort between the Librarian and the Trustees. The annual rabies clinic, holiday parties at Easter, Halloween, and Christmas, NH Humanities Council programs and other programs by guest speakers, as well as book sales and tag sales, are all examples of activities that Trustees help to organize and run. You will see Bea Jillette's posters around town and Steve Belden's advertising script in local papers as we lead up to these events. You will also see one or more Trustees helping out at all such events.

Behind the scenes, Trustees have taken care of a spectrum of necessary duties this year. These included the handling of routine, yet critical, matters involving finance, administration, correspondence, and the like. They also included one-time tasks such as building shelves in our storage shed, purchasing energy-efficient fluorescent bulbs, and purchasing library logo signs that you will see displayed out on Mill Village Road come Springtime.

The Trustees hold regular business meetings on the first Tuesday of each month, starting at 6:30 p.m. The meetings are held at the library and are open to the public. Minutes of our meetings are posted at the library, on the library Web site (www.goshenlibrary.org), and at the Post Office.

We would be happy to see you at our meetings, at the library during regular hours, and at any of our various special events. The Olive G. Pettis Library is here for you, the residents of Goshen, and nothing pleases us so much as seeing you enjoy it.

Respectfully Submitted,

Mary Wirkkala, Chairperson,

Board of Trustees, Olive G. Pettis Library

Planning Board

During 2011 the Goshen Planning Board met monthly to accomplish our business. A total of twenty one regular public meetings and advertised public hearings, including one site visit, were conducted in 2011. All meetings were open to the public and were held the first and last Tuesdays of a month starting at 7:00 pm, unless otherwise noticed. Board minutes and other documents were posted on the Town's web site (<http://www.goshennh.org/index.html>) for 2011. In addition to meeting time, board members contributed time outside of meetings reading applications, reviewing maps and plan sheets, reviewing state RSAs and Town regulations, preparing correspondence, obtaining training, and responding to public inquires. I thank the public for their participation and encourage their attendance at future meetings.

The board held hearings related to three minor subdivisions for the purpose of annexation. At the request of the Select Board we held one public hearing related to street/road names and 911 services, and a second public hearing to obtain ideas on how to expend the money in the Town Building & Property Capital Reserve fund. The board held a public hearing at the request of the Mt. Reach development group to address the threshold for substantial completion and to address their request for an extension to the substantial completion deadline. Per RSA 674:39 the board was able to extend the Mt. Reach completion deadline to 8/26/2014.

The board hosted a presentation by Robert Close, President of Radius North Communications, who discussed the possibility of his business providing wireless broadband access for Goshen. Residents need to demonstrate interest in the service before RadiusNorth will commit resources to the necessary infrastructure. Thus an interest sign-up sheet has been available in

the Town Office for anyone wishing to express support for service by this business.

The board was instrumental in getting the Energy and Technical Assistance Project (ETAP) approved by the Select Board. At no cost to the town, this project provided a survey of town buildings and recommendations on how to reduce energy costs.

The board conducted an annual inspection for the Davis excavation site, initiated the process for permit renewal, and the Chair and Vice Chair attended two Unity Planning Board meetings at which excavation site reclamation at the Unity-Goshen town line was under discussion. The board prepared for a public hearing related to a petitioned zoning ordinance amendment proposal.

As part of its efforts to make town regulations more accessible, the board has developed an editable electronic file of the subdivision regulations using optical character recognition and other software. This document is in the final stages of review to update any legal provisions that have changed. When completed, it will be posted on the town web site and made available in hard copy form.

Tucked in between all the above was the occasional opportunity to continue work on the Master Plan. The Community Facilities & Services, Economic Trends, Transportation, and Population and Housing Reports were completed. Department heads and the SAU 71 School Superintendent were interviewed, primarily by Vice Chair John Wirkkala, regarding accomplishments since the 2002 Master Plan and future objectives. While a few small information gaps remain, the bulk of the Master Plan document has been assembled. It still needs to be reviewed for content and style editing by the board. The Energy Chapter is also still under development by the Upper Valley Lake Sunapee Regional Planning Commis-

sion (UVLSRPC). The board had hoped to have a complete draft available prior to town meeting, but January 2012 has proved to be a busy month with three public hearings and February may well be a three-meeting month, also!

In 2011 John Wirkkala continued as Planning Board Vice Chair and Bob Bell represented the Select Board on the Planning Board. I also acknowledge the contributions of members Rich Moen and Ed Peckham, as well as Secretary Sue Peacock. Jack Scranton and Jonathan Purick served as alternate members in 2011. Robert Bell has been keeping abreast of developments that, we hope, will someday soon improve access to high speed internet service for our community. New opportunities seem to arise annually, but nothing as of yet has adequately addressed the need.

The board also appreciates Attorney Bernard Waugh's timely and useful legal ad-

vice, Mike McCrory's (UVLSRPC) planning consultation services, and Karen Winterholer's efforts to improve and maintain the Town's web site. The Board looks forward to another full year in 2012 and welcomes your continued participation to help guide the process of planning in Goshen.

By the time you read this, you may have noticed my name was not on the ballot. After an educational, challenging, but also personally rewarding six-year stint on the Board, it was time for me to leave elected office. It's been a pleasure to serve on a board with such dedicated people. My thanks go out to them and to everyone else for their past support!

Respectfully submitted,
Allen L. Howe, Chair
Goshen Planning Board

Police Department

This year again brought changes to the staffing of the Goshen Police Department. In 2011 Officer Downing resigned to go to work for the Federal Government as an Agent. We had a smooth transition and welcomed Officer Lamson as our main Officer. Officer Lamson retired from New Hampshire State Police and brought over 20 years of experience to the Town of Goshen. When Officer Lamson retired he held the rank of Detective Sergeant. Officer Lamson also worked in the Major Crime Unit with New Hampshire State Police. By hiring Officer Lamson we were able to save over \$9,000.00.

Officer Lamson is available to us for 32 hours a week and assists the department with on call time. The Town of Goshen was very fortunate to be able to hire Officer Lamson. I have personally known Officer Lamson for over 17 years I do not feel I could have hired a better person. Officer Lamson has already expressed his feelings that he is feeling like a member of this community. I am a strong believer in Community Policing and being able to do the extra things for our citizens that larger communities many times cannot.

I continue to strive to provide as close to 24/7 coverage either by patrol or having officers who are on call for the citizens. To pick up the 8 hours difference I have been working more as well as we are utilizing our part-time officers more. In surrounding communities, the officers are paid to be on-call. We continue to do this without being paid to be on call to keep our budget as low as possible. In 2011, again, we handled well over 50 off-duty call-outs.

Utilizing grant money, we were able to put officers on patrol for an additional 180 hours to focus on speed and DWI enforcement. This additional 180 hours comes at no cost to the residents of Goshen. I have ap-

plied for an additional 360 hours of grant money for 2012 to assist us with trying to keep patrols on our roads.

Our 2003 Crown Victoria cruiser is reaching the end of its usability. The cruiser is now outside of our planned 6 year rotation and has shown us this. In 2011 I did not request to purchase a new cruiser and opted to fix the current cruiser again. We are asking to replace the cruiser in 2012. The 2007 cruiser is still in excellent shape and just hit 40,000 miles. We have kept the cruiser unmarked, making us more effective at catching the speeders on our roads.

Officer Lamson attended several continuing education courses: Police OHRV Operator, Officer Lamson was able to take over as our fully certified department firearms instructor, allowing us to conduct all our required firearms training in-house. Officer Lamson also attended training conducted by the New Hampshire Attorney General's on Elder Abuse. This course will help Officer Lamson investigate many crimes associated with the abuse of our senior citizens. Officer Lamson also attended Tazer training.

As always, we encourage any resident of town to come into the police department with any questions or concerns they may have. We are working with other members of the community to better communicate our activity to our residents.

In my 18 year career with Goshen this past year I have seen the best team work between department agencies within the Town of Goshen, the Highway Department, Fire Department and John Hurr from the Emergency Management. Through accidents to arrests all these agencies have been a vital role in safety and assisting us with solving crimes. I want to give a personal thank you to all that serve the Town of Goshen.

Sincerely
Edward Andersen
Chief of Police

Selectboard

Another year has come and gone and the Selectboard would like to give its sincere thanks to all our town employees and the many volunteers that make our town the great community that it is.

During the past year the selectmen have hired our new Road Agent Kevin Bevilacqua along with the Assistant Road Agent Joel Lussier. They have been doing an outstanding job on our roads and their willingness to repair and maintain the equipment has saved the town many dollars in repair fees. They have also spearheaded the building of the temporary Cross Road bridge.

Speaking of the Cross Road bridge, we have received notification from the state that the funding to rebuild the bridge has been approved for year 2012. We should be putting it out to bid soon.

We also have another new employee, police officer Russell Lamson who is a retired detective for the state police. He is familiar with Goshen and has met many of our residents even before becoming our police officer. He is a great addition to our town.

Earlier in the year Enhanced 911 was in town to remap Goshen. When the mapping is fully completed this will allow police, fire and EMS to respond more efficiently. You can greatly help our emergency services by putting your house number in large numbers at the intersection of your driveway and the road. Ideally two sets of numbers should be used to allow easy visibility when approaching from either direction.

We would also like to thank all of those who have taken the online survey for the transfer station hours; if you haven't taken the survey then try to do so soon. You can take the survey on the town website, www.goshennh.org. The website is also a great source of town information. Check it often because public meeting announcements will be posted on the website.

Goshen is getting closer to having access to broadband internet. FastRoads is an organization that is working on getting broadband into rural areas. They will be installing fiber optic cable along route 10. They will connect the municipal buildings to the internet; this includes the town hall, library, fire station and perhaps the highway garage. They have Goshen scheduled to be done in 2013. This is just the start. Fast Roads will not connect residents but they are offering any company to tap into this network to supply the residents. The Selectboard feels that getting broadband internet to the residents is instrumental to Goshen. With today's technology being geared to broadband, it is likely that it will be harder to have new residents move into town without them having access to today's technology. For more information on FastRoads you can visit their website at www.newhampshirefastroads.net.

Please feel free to contact the Selectboard with any questions.

We wish everyone a happy and prosperous year.

Sincerely,

Clark Wamsley, Chairman

Ed Anderson, Sr.

TOWN OF GOSHEN

The State of New Hampshire

THE POLLS WILL BE OPEN FROM 10:00 AM TO 7:00 PM

on Tuesday March 8, 2011

THE BUSINESS PORTION OF THE MEETING WILL

BEGIN AT 6:30 PM

on Saturday March 12, 2011.

To the inhabitants of the Town of Goshen in the County of Sullivan in the State of New Hampshire qualified to vote in Town Affairs:

You are hereby notified to meet at the Goshen Town Hall in said Goshen on Tuesday, the 8th day of March, 2011 between the hours of 10:00 AM and 7:00 PM to act upon the following subjects:

Polls opened at 10:00 A.M. Officials attending were Arthur G. Jillette Jr.: Moderator, Cindy Williams: Town Clerk/Tax Collector, Christine Smith: Deputy Town Clerk/Tax Collector, Herb Bennett, Peta Brennan, Susan Carrick, and Janet O'Brien: Ballot Clerks, Cynthia Phillips, Jane Galpin: Supervisors of the Checklist, James Carrick and Edward Andersen Sr.: Selectmen.

To choose all necessary Town Officers for the ensuing year.

ELECTED OFFICIALS:

Selectperson, 3 Years – Bob Bell
Cemetery Trustee, 3 years – Lars Nelson
Library Trustee, 2 Years – Mary Wirkkala
Library Trustee, 3 Years – Stephen Belden
Library Trustee, 3 Years – Don Bailey
Trustee of the Trust Fund, 3 Years – Jessica Dennis
Budget Committee, 3 Years – Peta Brennan
Budget Committee, 3 Years – Adam Howard
Budget Committee, 3 Years – Christopher Moen
Planning Board, 3 Years – Ed Peckham
Supervisor of the Checklist, 2 Years – Janet O'Brien
Supervisor of the Checklist, 6 Years – Elaine Bevilacqua

You are further notified to meet at the Goshen Town Hall in said Goshen on Saturday, the 12th day of March, 2011, at 6:30 of the o'clock in the evening, to act upon the following subjects:

To receive the reports of the Town Officers of Goshen and take any necessary action thereon.

Moderator Arthur Jillette calls the meeting at 6:30 pm to receive the reports of the Town Officers of Goshen and take any necessary action thereon.

2. To see if the Town will vote to raise and appropriate the following sums of money for the general municipal operations: (Majority vote required).

9. To see if the Town will vote to establish a new Capital Reserve Fund for the purpose of Legal fees to be known as Legal Capital Reserve Fund to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to be placed in this fund; and to designate the Board of Selectmen as agents . (Majority vote required). Recommended by the Board of Selectmen and Budget Committee.

Article Passes

10. To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand Dollars (\$25,000.00) for the disposal and trucking fees at the transfer station and with said funds to come from the Transfer Station Special Revenue Fund. (Majority vote required).

Article Passes

11. To see if the Town will vote to establish a new Capital Reserve Fund for the purpose of acquiring a forestry vehicle to be known as Forestry Vehicle Capital Reserve Fund and to appropriate the sum of Three Thousand Two Hundred Dollars (\$3,200.00) from the unreserved fund balance and to designate the Board of Selectmen and the Fire Chief as agents. This amount was raised from the sale of the old forestry truck in 2010. (Majority vote required). Recommended by the Board of Selectmen and Budget Committee.

Article Passes

- 12. To see if the Town will vote to establish a new Capital Reserve Fund for the purpose of town buildings maintenance to be known as Town Building Maintenance Capital Reserve Fund to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) to be placed in this fund; and to designate the Board of Selectmen as agents. (Majority vote required). Recommended by the Board of Selectmen and Budget Committee.**

Article Passes

- 13. To see if the Town will vote to establish a new Capital Reserve Fund for the purpose of purchasing gravel to maintain roads known as Gravel Maintenance Capital Reserve Fund: to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) to be placed in this fund; and to designate the Board of Selectmen as agents. (Majority vote required). Recommended by the Board of Selectmen and Budget Committee.**

Article Passes

- 14. To see if the Town will vote to raise and appropriate the sum of Four Hundred Twenty Two thousand Dollars (\$422,000.00) for the replacement of the Cross Road Bridge project. Out of this amount Three Hundred Thirty Six Thousand Dollars (\$336,000.00) to come from State Aid Bridge funds with the remaining Eighty Six Thousand Dollars (\$86,000.00) to come from the Construction & Reconstruction Bridges Capital Reserve Fund, created in 1992. This appropriation is non-lapsing until the completion of the project or five years (2016), whichever is sooner. If the State Aid Bridge funds are not received, this appropriation will be null and void. (Majority vote required). Recommended by the Board of Selectmen and Budget Committee.**

Article Passes

- 15. To take up any other business as may legally come before this meeting.**
Bernie Cutter asked Police Chief Andersen why the police truck wasn't marked. Chief Andersen explained that being marked caused drivers to signal other drivers of upcoming police presence causing traffic to slow down until they passed the police. Discussion was followed by a hand vote and the results to leave the vehicle unmarked was decided.

Meeting adjourned at 8:42 p.m.

VOTED TO RAISE AND APPROPRIATE THE SUM OF \$1,200,842.00

Respectfully submitted,

Cindy L. Williams, Town Clerk
